UNFINISHED BUSINESS

- (1) **Building Project Updates & Snapshot** –
 - a. Report from OAC (during public comment) – No report from OAC today because the district’s regularly scheduled meeting with OAC is held on Thursdays.
 - b. 21-2023 – Loon Lake, Colville, Chewelah, and Northport – The asbestos abatement and mold cleanup are finished today. City of Chewelah’s insurance should cover the cost of mold removal and clean-up due to the fact that their sprinklers caused the damage. This has caused at least a 2 week delay in the schedule.
 - c. 2023-2025 – Hunters – Though the Trustees were hoping for some public to join the meeting today we did not have any. Group discussed the possibility of sharing a space with other entities like NEWA or a clinic etc. Talking to Desiree Sweeney is a good idea. Also, talked about hosting a public information meeting in Hunters. Riley encouraged us to reach out to John Steele about a donation or low cost sale of land. Trustees discussed several ideas about land, location and the best way to move forward.
- (2) **Advocacy to State Legislature** – We reached out to Senator Short’s office to request a meeting, heard back requesting future meeting dates, responded with those dates and are waiting for a reply. Becca will send a follow up email.

- (3) **Capital Campaign/Legacy Project** – Amanda shared that after the meeting yesterday the brochure is ready to share. Debra Hansen is working on a press release. Tomorrow at the Loon Lake Library Groundbreaking, the Legacy Campaign kickoff will be announced. The committee is working on contacting and meeting with large donors – currently Innovia and STCU.
- (4) **Staff Reorganization** – Amanda shared that the District has received a couple of Public Records Requests. We are working with our lawyer to handle these requests. One of the requests has required involvement of all staff and having Anja as the Staff Support Specialist has been a great asset. Meghan has done a great job with fair season, across the county, as the Community Outreach Specialist. It has been so beneficial to have one person coordinating efforts!
- (5) **Retool Library Director’s Evaluation/Staff Survey** – Joann and Josie talked to Jeanne Williams from the State Library. Jeanne shared some great information and said she thinks our way of evaluating looks good. The Trustees agreed that the current “all staff survey” should just be sent to the Management Team with a few suggested changes. The hope with sending to the Management Team is that it will limit the “n/a” responses of staff who do not work directly with the Director. Jeanne shared some questions that Anja could potentially use for her ongoing reorg surveys. Becca will send Jennifer the question edits for survey monkey and Jennifer will send the link back to Becca. Becca will send the email to the Management Team September 5th. Becca emailed Trustees the meeting ground rules, created by Rick Moore. Becca will talk to Anja about sharing data from her reorg survey with Trustees for the staff information part of their Director Evaluations before their evaluations go out. Anja does not need to include names and identifying specifics can be omitted.
- (6) **Policy/Procedure Review**
 - Public Comment Policy – Trustees discussed edits and additions. This policy will be called Public Participation at Library Board Meetings. Trustees would like to add a sentence to their bylaws referencing this new policy. Becca and Amanda will add the suggested edits and send to the Trustees for review at least a week before the September Conference Call for possible approval on the call.

Motion made to accept Policy 0034 Public Participation at Library Board Meetings.

Motion made: Lisa

Motion seconded: Jennifer

All in favor: Unanimous

NEW BUSINESS

- (1) **New Loon Lake Library Bids** – Trustees discussed the bids and draft contract and called for a vote. By law we are required to go with the lowest bid, unless there are extenuating circumstances, and there were not. In total we had 9 bids. The lowest bid came from Darden Enterprises. We have 45 days to accept bid alternates. We have decided to wait on the alternates until we raise more funds.

Motion made to accept the base bid with Darden for the new Loon Lake Library.

Motion made: Lisa

Motion seconded: Joann

All in favor: Unanimous

REPORTS

- (1) **Director’s Report:**

a. Library Happenings (attached)

b. Statistics and Reporting

- (2) **Trustee/Liaison Report:** Lisa shared that 395 Coffee approached her about fundraising for the Friends groups and Foundation. They would create a line of coffee that would be sold and Friends would get 20% of the profits. Kettle Falls Friends are hosting a yard sale and cake sale September 21st.
- (3) **Others:** none

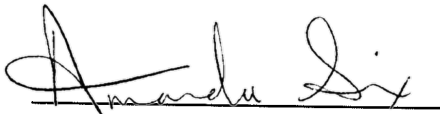

ADJOURNMENT

Chair adjourned the meeting.

Nay: 1

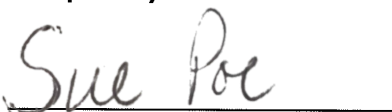

- Public Comment Policy (previously Board Meetings Policy) - Trustees will review the draft and make comments and suggested edits before the regular meeting.
 - **10 minute Board training** – No training today.
 - Amanda shared an update on the Chewelah renovation project. Asbestos was found in the floor tiles and most recently black mold was also found on some lower parts of walls. The black mold is believed to have been caused by the City sprinklers leaking through the wall. Luckily, we have the bookmobile and were able to move all library materials into the City of Chewelah’s Civic Center. Staff are working out of the civic center and the bookmobile and are offering regular hours.
- **NEW BUSINESS** – none
 - **ADJOURNMENT** – Meeting was adjourned at 9:39 am.

"Hopefully, you can eliminate the stench in the lavatory" Us too, patron, us too!
 A corndog was found in the bookdrop this morning. It gave us all a good laugh
 A couple came in and made a point of telling Riley and I that they were happy that the library is an inclusive place that welcomes all and that they support ALL our programming regardless of gender, color etc of the author, or topic. They apparently heard something about the resistance we are getting from city hall. I've never seen them before and they were bringing national geographics for the mag rack. Nice people.
 "You've been an oasis to many people in the community. We are thankful you are here" I overheard a patron saying to front desk staff.
 Patron came in and said how awesome we are and that she read the article in the newspaper about the city trying to censor our programming. She said "don't take it to heart, it's not you, it's them"
 A young mom and her savvy 12 year old daughter came in for library cards. Mom was a patron a long time ago--her original card expired in 2012. I loved waiving the fines from when she was a youth and seeing how excited her daughter was to have a card!!! Hurray

I had a patron come in wanting to work on a tech problem, I was able to set her up on one of our public computers and help her resolve her tech issues, she was very thankful. One of our regular patrons came in and needed to type up a letter, she wanted to let me know that she was so happy we had a computer that she could use. One patron came in needing help to make a flyer for a lost dog that she found, I was able to quickly type up a flyer and add a photo of the dog. The patron was so happy to have a flyer that she could post.

The Lakeside branch assembled and delivered 100 goodie bags for the local Kindergarten Experience. This is done as a partnership between the Lakeside Library branch, Friends of the Lakeside Library and our two local elementary schools to encourage kids (especially our storytime kids who are starting kindergarten) in their new adventure. The goodie bags include bookmarks, a box of crayons, a "ready for kindergarten" reading list, a library card application, and of course a book! (all items donated by Friends of the Lakeside Library).

One patron came in and said that she loves the library and one of her friend's daughters loved the SA bags we are giving out this year and said her mom never takes her to the library so she gave the bag to the little girl who hopes to make it to the library sometime.

We had several children very excited to earn their Junior Ranger badges from the National Park Service.

We have had quite a few families this month come in and tell us how excited they are that we have the Take N Makes and the STEM Kits. They say they always look forward to seeing what crafts will come out the next month.

Branch Highlights

(can include stories to share/quotes/tidbits)

We had a number of Pacific Northwest Trail hikers come in to use our facility this month, some enjoyed the picnic table, water faucet, and solar charger outside as well. People have been coming in to escape the heat, and have expressed thankfulness for our air-conditioned space. The two programs this month were well-attended and enjoyed by children and adults alike.
